Hello,

This is to let you know that your talk has been selected for this edition of the containers devroom at FOSDEM.

Can you please confirm by Monday (19th) that you will be present in-person at FOSDEM to give your talk?
Our devroom is happening on the Saturday. Please let us know if you have scheduling constraints such as giving another talk and if so, whether you want a morning, afternoon or evening slot.

Should we not hear back from you in time, we will be processing with a waitlisted talk instead.

Thanks!

Stéphane

Hi Stéphane,

Thanks for reaching out to me on this and for the opportunity.

I hereby confirm my presence in-person at FOSDEM. I should be available there for most of the duration of the event but might need to be at the Distributions Devroom as I have proposed a talk for there too.

Please feel free to reach out to me should you have any questions/concerns.

Thanks and regards,
Akashdeep Dhar (he/him),
Objective Representative, Fedora Council
Red Hat Community Platform Engineering
