FOSDEM 2025

Thank You for Your Proposal to the FOSDEM 2025 Community DevRoom

Hello Akashdeep Dhar

Your proposal, From Critique To Chaos - A Masterclass In Terrible Feedback Practices was not accepted for the Community DevRoom at FOSDEM 2025.

We received over 90 proposals this year and simply could not accept them all. Due to the increased number of devrooms, we were unable to secure an additional day from the FOSDEM team to incorporate more content.

Thank you for taking the time and effort to submit, and we hope to welcome you to the Community DevRoom as an attendee.

Best,

The Community DevRoom Co-Organizers
Laura Czajkowski, Shirley Bailes, and Leslie Hawthorn
